Why the change?

This year will be the last year for Richard & Alise in Hesselberg and we will all miss them both as our teacher couple. Alise wrote a letter to all of you:

Richard and I have had such an amazing experience with ERDW. It's been a gift that has shaped our lives and offered so much magic and joy to us over the years. We cannot thank you enough for all the laughter, hard work, friendship and, most of all, your wonderful dancing spirits that will live with us always.

It was not an easy decision for Richard and me, but it feels like time to pass the baton and offer a new adventure for ERDW and its dancers. We love you and look forward to dancing with you this Autumn!

Sincerely, Alise & Richard

And now?

We still want to continue the ERDW for all of you dancers. Therefore, we invited the teacher couple Tom & Yvonne. Tom wrote a letter to you to introduce himself. Below, you see an introduction of Yvonne:

I (Tom) was extremely privileged to have Cliff and Marilyn Hicks as parents. They started me Round & Square dancing at the age of 6. I basically was able to dance 5 to 6 nights a week with my mom and all the students for the following 12 years. I also attended many Round dance weekends, namely the second URDC in Kansas City dancing with the 3 Betty's, Betty Moss, Betty Easterday and Betty Proctor. What a lucky kid I was. Also attended many Round A Rama's, Hamilton's (in Canada) and Square dance conventions. In 1985 I left home for college and was very privileged to attend BYU where I started my Ballroom career. I was the US Amateur Latin and 10 Dance Champion in 1991, US Profession Rising star Champion in 94. I was the owner of a very successful dance studio in Southern California for over 10 years.

Was the organizer of a Ballroom dance competition in Orange County and competed and still compete with students on a regular basis in dance competitions. I presently am on the RAL BOD and assist on a couple RAL committees discussing the standards manuals. I reside in the Los Angeles area teaching independently at local studios. I love being involved in Round Dancing and quite often think about how lucky I am to have had the best parents who taught me how to dance and have both the Round and Ballroom dance worlds. What a joy and privilege it is to still be Round Dancing after almost 50 years.

Yvonne began ballroom dancing as an amateur in her late twenties and has placed second in the open championship level of American Smooth and third in the open championship level of International Standard at the United States Dance Championships. Yvonne received her law degree from Harvard in 1998 and her Master's Degree in clinical psychology from Pepperdine in 2011. Yvonne transitioned out of law to spend more time with her daughter Kensie and is now working as a licensed marriage and family therapist.

Yvonne and Tom are both excited to pass on their love of dance to Kensie.

Anmeldung / Registration Form:

Zutreffendes ankreuzen / Please check: ☒
